Notes from the President

Just got a email from the IDYSD Committee. "What is he talking about?" I can hear you. It is the committee for International Drive Your Studebaker Day, which falls on Wednesday 13 September this year. I will be bringing some of the info to the next meeting and would like one of you consider being the chairman for an event committee to help organize some type of event. Maybe someone who hasn't volunteered lately. We all should participate, it is OUR club. The board will be ready to assist whomever volunteers.

Hopefully more of us will have our cars running for IDYSD, including myself. Lee we are hoping to see your grand beast one of these days.

Ralph is doing a good job as Zone Meet Coordinator, pro tem. Last meeting there were some great suggestions about venues, activities, etc. from the club. I am sure Ralph appreciates the suggestions and would probably be even more appreciative if some of the suggestors did some preliminary footwork on their suggestions. Again it is OUR club and we all need to pitch-in.

In my promise to keep things short and sweet, Keep on Studebakering!

Enjoy life,

Joseph

Throttle return spring breakage:

If this spring would brake with the car in gear the driver could lose control and cause big damage. Remove the spring and look at each end for any ware or if the spring has any rust it should be replaced. That will assure the throttle does not go wide open when the driver is not expecting a fast take off.

- Old Minutes read.

- Treasury Report: Deposits: \$5 raffle deposit Interest \$1.13

Totals: Accounts balance

Old Business:

- Ralph Capurro discussed a Zone Meet decision. He suggested that polo shirts be offered instead of t-shirts, as he still has t-shirts from the previous Zone Meet not sold. If a polo shirt is chosen, he also felt that a design with a front pocket, as well as male and female suitable shirts be selected. Joe M. suggested bringing this topic up next month for a vote.
- A meet slogan is still not decided. Ralph mentioned the slogan suggested last month "Sweet 16" but asked for any other ideas. Mary Schnell showed 2 potential Meet Designs showing 3 cars under the Reno Arch, in red, white and blue colors. A plus to this design concept is different background themes could be inserted depending on venue selected, Reno, Carson City or Tahoe.
- An informal vote was taken re: polo shirts and they were overwhelmingly chosen over t-shirt, but the option of having some t-shirts printed was suggested.
- No color theme was chosen, the idea of a large design on the back and a smaller logo on the front pocket was suggested, and general approval was given.
- Charlie Case suggested Rancho San Rafael park as a site choice. Large area, grassy environment mentioned. Terry Ressler, John Erb, Ralph and one other person were mentioned as previously chosen to select a site location.
- Date. Still discussing May date or a September date. Art mentioned a September date might fall into the category of car

show burn out. An informal vote was taken and 10 votes were offered for May and 7 votes were made for September.

New Business

- Joe Modarelli refereed a discussion about our club and being a driver's club or just a group who attends other groups' events. We currently do not have an active Tourmaster, as has been done in the past. No one has suggested any new trip destinations.
- A Board Meeting was suggested to address this issue. Leo is pursuing a contact with the Reno Military History Vehicle Collector's group in order to contact their Studebaker 6x6 owner in order to invite him and his truck to select future Studebaker gatherings. No contact was made with the High Desert AMC Club yet. They are another group to possibly reach out to to drive to their events as an excuse for our members to go see.
- Ralph Capurro remembered there being a Valentine's Day Cruise, with scavenger hunt and that that was a popular event, despite the time of year.
- Report on the DelMar Good Guys Show. Doug and Cheryl drove down (Cheryl), their Hawk was noticed in the indoor venue by one of the Meguiar family and complimented. Dennis Gage, Chip Foose were also spotted. They received an award of Excellence and were one of 3000 cars at the show.
- Leo talked about taking the Lark wagon with his wife's weekend outing for VA hospital patients to an Aces game 2 Sundays ago. The car was a hit with the staff, who got to ride over to the park in the car as the patients rode in a wheelchair van. Leo got to give a quick 3 speed column shift lesson to the valet attendant. The car was missed this past Sunday on another outing and it

seems like the Lark wagon will be attending many more VA outings in the future.

- The new SDC president election was discussed. No one was sure who the new president actually is, as the elected president had to step down soon after for health reasons. Larry discussed the issue of 2 Zone meets held in Nevada, 2015 Las Vegas and Reno/Carson City in 2016, but the new president felt there were no other takers so there should be no problems from SDC or members about that.

Save Mart Show 'n Shine, Carson City, Reno, Sparks, June 27th-1st event, rotates The National Automobile Museum cancelled the Waxing events, in order to create a new activity for car clubs. To Be Decided.

Larry Schnell advised the SDC National Museum is requesting a payment of \$250 for our club sponsoring a wagon from July to August. The matter was tabled for discussion at the June SS club meeting under future business.

Meeting adjourned 8:04pm

50/50 raffle held. Cheryl Van Pool won \$16.

Old Business: Zone Committee, Ralph C. spoke to Zone President Fred Ball about 2016. The shirt decision has been polo shirts primarily, with some t-shirts available as well.

Mary Schnell's 2 potential shirt designs presented were brought up again.

Ralph C. has made initial contact with venues for the 2016 Meet. Gold Dust West in Carson City was brought up, but not contacted yet.

Club Fandango has a hotel affiliation with a Marriott but they likely would have 50 rooms available.

John Ascuaga's Nugget is available, rooms would be \$79/night, garage space for the event would be available.

Carson Valley Inn has RV parking as well as rooms available.

Art Van Dyke suggested a remote site, he mentioned experiences at the Nugget parking garage with the Hudson Club.

Charlie mentioned how a grass site is much more pleasant and preferable to a concrete location. John Erb spoke about the low

turnout for the Swap Meet for the recent Karel Staple show. Ralph asked about experiences with local shows put on. Boomtown, for a previous SS show. Hospitality was offered by a dinner at the site, the parking lot was used as a swap meet. Rooms are \$79/night. Ralph also reminded that Fandango has 24 hour security available for cars parked there. Art Van Dyke reminded all that there should be activities for ladies. Also that there be tour destinations. Terry Ressler expressed that Reno as a location is boring. Banquet suggestions for meal choice or buffet were for a buffet option. Lake Tahoe venues were mentioned, Cal Neva at North Lake, Lakeside at South Lake Tahoe. A tour to the NAM was suggested, possibly visiting other local collections. For ladies, a bus rental tour was brought up. Suggestions were brought up for a chatauqua talk and local music performances as options.

2015 Zone Meet will be in Las Vegas. The Zone President has stated there is no problem with 2 Nevada locations for the '15 and '16 Meets. Lee Johnson and Leo Horishny will look for alternate venues in the Reno Sparks area for club meetings.

August 16th, 2014, Fuji Park Charity Show for the Boy Scouts 10am to 2pm \$40

Gary Crabtree asked about the Car Show in Yerington, June 21st. A few members said they could attend. The Bonanza Casino has a show scheduled this upcoming weekend. Also Carson City has a show planned on Curry Street this weekend. Karson Kruzers has a show the last weekend of June, 28-29 at Fuji Park.

Art Van Dyke won 1st Place pre-30s class at the Karel Staple Show in Sacramento.

Gary Crabtree mentioned meeting Tim Studebaker, Channel 4 weatherman who had not seen a Studebaker in person before seeing Leo's Lark Wagon at the Cops 'n Burgers event in Sparks.

The visit to Tony Harrah's Military Vehicle Collection in Sparks was brought up. The event will be at 10am, at the location, 355 Boxington Way in Sparks. Map to come. Six members expressed interest in seeing the collection. Invitations are

open to the Inliners and Leo will extend an invite to the High Desert AMC Club.

There was mention of The Daily Driver Project on the Good Guys Show.

Car Crash: A Gleaming Golden Hawk

Posted by: [Wes](#)

A feature here at the Daily Driver is the Car Crash. Breathe easy – no actual cars were harmed in the making of this crash. That would be a crime, and a cryin' shame. Our Car Crash is much more fun – in a “crash a party” kind of a way. If you've ever seen a vintage car and wanted to see the interior or wondered about its restoration process, then the Car Crash is just the post for you. Join us as we explore the details of a gorgeous vehicle...

We found and fell in love with this 1957 Studebaker Golden Hawk at the Goodguys Del Mar Nationals.

Doug Van Pool of Reno, Nevada, has owned this beauty for a year and a half.

What was a casual trip to look at cars up for auction during Hot August Nights turned into a long-term commitment to this unique Studebaker.

When this Golden Hawk came across the auction block, Doug knew he had to have it. Some may call it an impulse buy, but Doug knows it was really just love at first sight!

Can you believe Doug drove his car from Reno to Del Mar? Talk about a real driver – this Golden Hawk has the miles to prove it!

The original owner of the car had the transmission swapped out to a 4 speed T10, which was installed by a Studebaker dealership in 1962.

Doug is the 5th owner of this Studebaker, and he has taken good care of her in their short time together.

The original owner also requested bucket seats from a 1962 GT Hawk to be installed by the same dealership that performed the transmission swap – making both the transmission and bucket seats “factory installs” – which qualifies this Golden Hawk as truly one-of-a-kind!

The car is nearly all stock and in beautiful condition, even the clock still works!

This supercharged Studebaker features new Dayton rims, which help make their road trips together more stylish than ever.

When this texture catches the light just right, it becomes illuminated with a glow, as if lit from within.

Maybe that's where the Golden part of the Golden Hawk comes from!

I'm a big believer that cars have personalities, and if this Golden Hawk could talk, I imagine it would tell me just how happy she is to be out on the open road, soaking up the sunshine and enjoying adventures with Doug and his wife! Special thanks to Doug for taking the time to chat with us about his gorgeous Golden Hawk. Here's hoping we catch them together out on the road sometime soon!

Doug's next project? A Superbee! We can't wait to see how that turns out!
